Green Lane Park Hosts “Milkweed, Monarchs, and More” Program

Green Lane, PA (August 20, 2013) – Montgomery County’s Green Lane Park will hold a program entitled “Milkweed, Monarchs, and More” on Saturday August 24, 2013 at 1:00pm.

This program examines milkweed stands as a micro-habitat for a variety of insect species. After a brief indoor program, participants will venture out to find monarch eggs and caterpillars along with a host of other insects in nearby milkweed patches. This program is suitable for children ages five and older. This is a free program, but preregistration is required. The program will meet at the picnic pavilion in the Deep Creek Area of Green Lane Park.

For more information and to preregister, please contact Kevin Crilley, Region 2 Environmental Education Specialist, Montgomery County Division of Parks, Trails, and Historic Sites, at (215) 234-4528 or via email at kcrilley@montcopa.org.
