FOR IMMEDIATE RELEASE: August 27, 2019

Free Online Workshops Help to Prepare Montco Job Seekers Remotely

Norristown, PA (August 27, 2019) – Pennsylvania CareerLink® Montgomery County, in partnership with the Montgomery County Workforce Development Board (MontcoWorks), the Montgomery County Commerce Department, and Full Circle Computing now offer free online workshops to assist individuals with job readiness skills remotely.

Workshops are an integral part of the job search process enabling job seekers to learn new techniques while also getting a refresher on tools they may not have used in a while. Previously, all workshops were held at the PA CareerLink® Montgomery County, located at 1855 New Hope Street in Norristown. While workshops will still be held at this location, beginning in August 2019, registration for online workshops ranging in title from Networking to Senior Level Interviewing became available.

“We are thrilled MontcoWorks is partnering with Full Circle to pioneer the online workshop programming for job seekers. Our online workshops will allow job seekers the freedom and flexibility to receive increased professional and technical skills from ‘anywhere’ and we even include flexible night and evening hours for convenience,” said Denean Williams, Managing Director of Full Circle.

Job seekers may register for an online workshop the same way they register for in-person workshops by visiting www.pacareerlink.pa.gov. Once registration is complete, they will receive an invitation via email with a link and instructions for downloading the workshop platform. To view a full listing of online workshop titles and schedules, please visit PA CareerLink® Montgomery County’s official monthly [calendar](#).

For more information about PA CareerLink® services, please contact Craig Cuthbert, Operator Manager, at 610-270-3429 x201 or CCuthbert@montcopa.org.

About MontcoWorks:

MontcoWorks serves Montgomery County as the local area’s workforce development board, providing market-driven information and services that align with regional and statewide workforce development planning. As part of the Montgomery County Commerce Department, MontcoWorks administers workforce programming that is designed to meet the diverse needs of employers and job seekers in Montgomery County.

About Full Circle Computing, Inc.:

Full Circle Computing, Inc. is a 20+-year-old Pennsylvania Department of Education Private Licensed School focused on providing its students with increased professional and technical skills, through online and live instructor-led training, which leads to greater workplace marketability, improved job placement, and enriched career progression.
