

STUDENT ASSISTANCE PROGRAM

The Pennsylvania Student Assistance Program (SAP) is a systematic team process used to mobilize school resources to remove barriers to learning. SAP is designed to assist in identifying issues including alcohol, tobacco, other drugs, and mental health issues which pose a barrier to a student's success. The primary goal of the Student Assistance Program is to help students overcome these barriers so that they may achieve, advance, and remain in school.

The Montgomery County Offices of Drug and Alcohol and Mental Health support the provision of SAP liaison services to school districts through four regionally based, county providers. Please visit each provider's brochure to learn more about services available and contact information.

| <u>District</u> | <u>Provider</u> |
|-----------------------------|-------------------------------------|
| <i>Abington</i> | <i>Aldersgate</i> |
| <i>Cheltenham</i> | <i>Aldersgate</i> |
