Rapid Response & Trade and Economic Transition National Dislocated Worker Grant

Rapid Response and ETG funds continue to support dislocated workers through outreach, re-employment assistance, expanded computer skills workshops and training (ITA and OJT). While these offerings are critical, expenditures have been down statewide. Montgomery County WDB and Title I staff are looking at ways to continue targeted outreach and promote online training when possible.

MontcoWorks received word that our Request for Funding for an additional \$1,056,250.00 in ETG funding has been approved. However, we are awaiting a formal Notice of Obligation before working with Bucks County and Philadelphia to recruit additional dislocated workers for training through this extensive program.

In August, Montgomery County submitted a request on behalf of the Southeast PA WDBs for \$191,000 in Rapid Response funding to hire a regional coordinator focusing on the manufacturing industry. If awarded, these funds would allow us to hire an individual who would coordinate Industry Partnership endeavors and other manufacturing initiatives to maximize resources for our manufacturing employers. As of 12/1/20, we are still awaiting word on this request.

In August, Montgomery County was awarded funding to hire two temporary Title I Triage/Customer Service representatives (\$17.50/hour, 40 hours, 26 weeks) to assist PA CareerLink® Montgomery County customers specific to COVID-19.

Teacher in the Workplace and Business Education Partnership

Montgomery County PY19-20 projects received an extension through 12/31/20 to complete activities. Both Upper Perkiomen and Souderton have completed their projects. MCIU will complete a range of virtual activities for Montgomery County educators before 12/31. MontcoWorks received \$99,856 for PY 20 BEP funding January 2021-June 2022. These funds will be used to create virtual career readiness activities for students and educators in Montgomery County.

SLIP (State/Local Internship Program)

After successfully implementing SLIP through the summer of 2020, MontcoWorks is awaiting a grant announcement for SLIP 2021.
