Certificate: PA Fish & Boat Commission

Limit: 40 students

DOH Con Ed: 0.5 Clinical Patient Care; 2 Other

Ice can be a gathering place for many individuals who participate in winter sports and recreational activities. Unfortunately, most individuals who venture out on the ice have a limited knowledge of how and why ice forms. A large number of people are unaware of the hazards and dangers associated with ice. This course provides an awareness-level training on the formation and types of ice. Students will become well versed in hazards of ice and methods for self-rescue.
