

CARBON MONOXIDE PROTECTION

POST HURRICANE SANDY

Keep generators and pressure washer engines **OUTSIDE**

Carbon Monoxide (CO) is a poisonous gas that cannot be seen or smelled, but it can kill you or make you sick.

- ✓ **NEVER** use generators, pressure washers, or other gasoline-powered tools indoors or in a garage, carport, or basement. They all produce large amounts of CO that can build up to dangerous levels **IN MINUTES**.

Generator

- ✓ Keep your generator or pressure washer engine outdoors and well away from windows, doors, and air intakes.
- ✓ Get to fresh air right away & seek prompt medical care if you suspect CO poisoning and are feeling dizzy, light-headed, or nauseous.

Pressure Washer

- ✓ Install battery-powered CO detectors in your home.
- ✓ Read product directions for other important safety information.
