Audit Findings

Audit Narrative

The auditor's description of the audit methodology should include a detailed description of the following processes during the pre-onsite audit, onsite audit, and post-audit phases: documents and files reviewed, discussions and types of interviews conducted, number of days spent on-site, observations made during the site-review, and a detailed description of any follow-up work conducted during the post-audit phase. The narrative should describe the techniques the auditor used to sample documentation and select interviewees, and the auditor's process for the site review.

This report is for the Montgomery County Correctional Facility (MCCF) operated under the authority of the Montgomery County Prison Board of Commissioners.

The Montgomery County Correctional Facility is a secure 2080 bed facility for male and female inmates (both pre-trial detainees and sentenced offenders). The on-site portion of the PREA Audit began August 6, 2018 and covered the audit period of August 6, 2017 to August 5, 2018. Prior to the on-site audit the facility provided a list of all staff by shift and employee job categories and a list of all inmates by housing unit. Prior to arrival this auditor reviewed pertinent agency policies, procedures, and related documentation used to demonstrate compliance with the Prisons and Jails PREA Standards. The pre-audit review of documents contained in the Pre-Audit Questionnaire submitted by the facility prompted few questions. Answers to those questions were submitted to this auditor by the facility staff and any additional remaining questions were resolved during the audit.

Auditor arrived at the facility the morning of August 6, 2018. An entrance meeting was held with Warden, Deputy Warden, three Assistant Wardens (one of whom is the facility PREA Compliance Manager), this auditor's interview assistant, and this auditor. This auditor explained how inmate interviews needed to be supervised (staff able to see both the interviewed and the inmate, but out of hearing range and the inmates line of sight). The scope of the tour and how the tour needed to be conducted was explained. At the conclusion of the entrance meeting this auditor toured the facility.

A complete tour of the facility took approximately two hours. All areas were extremely well maintained. The facility has a video surveillance system which provides coverage for 95% of the facility. The system provides coverage of the recreation areas, food service, all housing units, hallways and education areas. There are no cameras in the inmates' cells. Cameras on the housing units do not have a view of the rear of the cells (where the toilets are located). Cameras in the dormitory housing units do not have a view of inmates while in their beds. Cameras can only view the inmate's head while in the shower. There is a camera view of all doors in areas where inmates are permitted. The camera system has a 30 day retention time for recorded images. Montgomery County Correctional Facility upgraded its Security Operations Center in 2014/2015. In addition to the fixed cameras there are 40 body cameras which officers and supervisors are assigned to wear. These cameras are self-contained units. They do not transmit images to either control booth. Recorded images are maintained within the unit until down loaded by supervisory staff.

Sight lines were excellent in all housing areas. Information on reporting sexual violence and available services was prominently posted on all housing units. The audit notice was posted on all housing units, the main entrance to the facility and the inmate visitors waiting area.

Inmates were observed at recreation, during movement, work details (inside and outside the facility), meals, in medical, going through intake, and on the housing units. Observations of staff supervision practices were consistent with the agency's policies. Observed interactions between staff and inmates were professional, respectful and boundary appropriate.

The PREA screening for risk of sexual victimization and/or propensity to victimize others is conducted by medical staff on the date of admission, and documented in the inmate management system. All inmates interviewed acknowledged being screened on the date of admission as well as being seen by medical staff on the date of admission. A complete classification assessment is completed by a Counselor from Inmate Services within 48 hours of admission. Both the screening and classification are performed using an objective, standardized instrument. Any alerts noted during the screening process that would necessitate medical or mental health follow-up are automatically sent to the appropriate parties by the inmate management system. Interviews with medical and mental health staff confirmed this process and that follow-up occurs with the required time frame.

Montgomery County Correctional facility reported 48 allegations of sexual abuse, assault and harassment. This auditor conducted a detailed review of all 48 allegations. All 48 allegations were investigated. However, of the 48 allegations reported 24 were not actually PREA incidents or did not meet the DOJ definition of sexual harassment. Of the remaining 24 allegations six were allegations of sexual abuse and 18 were allegations of sexual harassment. 16 of the allegations were deemed unfounded, seven were unsubstantiated and one was substantiated.

Initial administrative investigations regarding allegations of sexual harassment and sexual abuse are conducted by the Security Supervisors (who are experienced investigators) who have received specialized training for investigators of sexual abuse in correctional settings. A review of investigators' reports confirmed an aggressive and thorough investigation into all allegations of sexual harassment and sexual abuse. Investigators' conclusions support full compliance with the evidentiary standard.

Criminal investigations of sexual abuse and assault are conducted by detectives from the Montgomery County District Attorney's Office. Four allegations were referred for potential criminal charges. The Lieutenant from the District Attorney's Office was interviewed. He confirmed that there were four allegations of sexual abuse referred for investigation during this audit period. All four investigations have been completed. Of those four allegations four inmates were still at the facility at the conclusion of the investigation. Documentation of notice to inmates was provided to this auditor. An MOU is in place to provide crisis counseling and victims' services. Forensic examinations and evidence collection would be performed at the Einstein Montgomery Hospital or Abington Memorial Hospital (both are SANE hospitals). Documentation of the one forensic exam conducted at Abington Memorial Hospital by a SANE nurse was reviewed by this auditor.

This auditor interviewed the following staff titles (number in parentheses indicates more than one staff in that title was interviewed):

- Warden
- Director of Mental Health Services
- Deputy Warden
- Assistant Warden (2)
- Major
- Captain
- Health Services Administrator
- Intake Nurse
- Food Service Director
- Agency/Facility PREA Coordinator
- Director of Inmate Services
- Chaplin
- Caseworker (2)
- Laundry Supervisor

16 random staff and Corrections Officers were selected for interviews to include staff from all housing units and all areas of program, as well as a representative number of female staff. Experience levels ranged from one month to over 31 years. All presented as very knowledgeable about their jobs and highly dedicated to keeping inmates and the community safe. All staff acknowledged receiving PREA training within the past year and over the course of their careers a significant amount of training related to cultural sensitivity, professional ethics and reporting responsibilities.

All staff members knew their responsibilities as related to mandatory reporting of allegations of sexual abuse, assault and harassment. All staff acknowledged having received PREA specific training as first responders and all knew what to do if they were a first responder. All Corrections Officers and supervisors interviewed were readily able to articulate their first responder duties. All felt supported by facility management, and had no fear regarding retaliation for reporting abuse. All felt empowered to proactively address issues related to sexual violence and were able to describe actions they would take to prevent and/or deter potential and/or imminent threats of sexual violence.

This auditor and an assistant interviewed 102 inmates. There are no youthful inmates housed at the facility; the facility contracts with a neighboring county to house its youthful inmates. The random inmates interviewed were a representative sample from each of the housing units and included a representative sample based on age, sex, race and length of stay. Length of stay for those interviewed ranged from one day to 22 months. There were no inmates who identified themselves as transgender, intersex, or that had been identified as gender non-conforming in appearance. There was one inmate who needed translation services (the agency's language services contracted was utilized for this interview). No inmates had specifically requested to speak with this auditor. This auditor received no written correspondence from any inmate. All inmates acknowledged being asked about sexual orientation upon admission. All inmates interviewed had knowledge of the right to be free from sexual abuse, assault or harassment. All inmates were aware of at least two methods for reporting abuse, one of which was anonymous reporting via the inmate telephones. All inmates acknowledged being screened upon admission (initial screening actually occurs on date of admission, which exceeds the standard). The vast majority of inmates interviewed acknowledged receiving information upon admission on their right to

be free from sexual abuse, assault and/or harassment. The facility provided documentation of inmates' receipt of the inmate handbook (which contains all required PREA information). All inmates interviewed said they currently felt safe at the facility.

The quality and organization of the documentation provided to this auditor was excellent. This auditor received all policies and supporting documentation electronically. The pre-audit questionnaire completed by the facility's PREA Compliance Manager was one of the better ones this auditor has received. The referenced documents in the questionnaire were provided electronically and properly labeled for easy access.

The organized manner in which the interviews were facilitated by the PREA Coordinator made the process go very smoothly with no wasted time in between interviews.

Facility Characteristics

The auditor's description of the audited facility should include details about the facility type, demographics and size of the inmate, resident or detainee population, numbers and type of staff positions, configuration and layout of the facility, numbers of housing units, description of housing units including any special housing units, a description of programs and services, including food service and recreation. The auditor should describe how these details are relevant to PREA implementation and compliance.

The Montgomery County Correctional Facility is a 2080 bed secure facility for male and female inmates at all levels of security operated under the authority of the Montgomery County Prison Board of Inspectors. The main facility is comprised of a single structure with a secure perimeter. The building was purpose-built as a prison in 1986 and was designed to hold 534 inmates. In 1999 the facility was expanded, added an additional 316 beds. In 2011 the facility expanded a second time to add the 512 bed community corrections center. The modern design offers excellent sight lines throughout the housing units. The Community Corrections Center consists of eight dormitory style cell blocks. The remainder of the main building is a combination of multiple and single occupancy cells. All cells have toilets and sinks. Showers are single user stalls that are situated within the cell block to facilitate appropriate supervision and maintain safety without sacrificing the inmate's privacy.

There is a second building outside the main building's secure perimeter referred to as the "farm house". It is in fact a farm house. It houses a maximum of 36 sentenced inmates that are appropriately screened. Multiple occupancy bedrooms are located on the upper floors. A day room, dining room and kitchen occupy the first floor.

The Montgomery County Correctional Facility houses the following types of inmates:

- Pre-trial detainees
- County sentenced inmates – Maximum of two years, less one day (exception DUI offenders up to five years)
- State sentenced inmates – Maximum two years, less one day
- Community Corrections
- Community Service
- Work release sentenced inmates

- Eligible transition programming inmates – electronic/GPS monitoring

As previously noted the facility does not house youthful inmates. An MOU and contract is in place with a neighboring county to house youthful inmates. Additionally, the facility does not house inmates detained solely for civil immigration purposes.

There are a total of 356 cameras in the facility. There are two control booths, one in the main building (security operations control) and one in the Community Corrections Center. Additionally there are work stations where live images may be viewed as well as review of recorded images. The system has a 30 day retention time. In addition to the fixed cameras there are 40 body cameras which officers and supervisors are assigned to wear. These cameras are self-contained units. They do not transmit images to either control booth. Recorded images are maintained within the unit until down loaded by supervisory staff.

Montgomery County Correctional Facility is inspected by the Pennsylvania Department of Corrections for compliance with Pennsylvania regulations governing the operation of county jails/correctional facilities. The last inspection was conducted in November 2017. The facility was found to be in full compliance.

Montgomery County Correctional Facility is accredited by the National Commission on Correctional Health Care. The most recent accreditation was awarded February 2018.

There were a total of 1814 inmates at the facility on the first day of the audit.

The Montgomery County Correctional Facility maintains 24 hour supervisory coverage (Lieutenant or higher) as well as an On-Call Administrator.

These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

Montgomery County Correctional Facility Memorandum of Understanding with Chester County Prison page 1 clearly requires full compliance with the PREA standards as a condition of the contract. The MOU specifically states the conditions under which youthful inmates must be housed while in the Chester County Prison (complete sight and sound separation). The MOU includes provisions for monitoring compliance with the PREA standards by Montgomery County Correctional Facility. Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. The facility has a staffing plan which was provided to this auditor. Documentation of annual review of the plan was also provided. Montgomery County Correctional Facility Policy and Procedure, "Prison Rape Elimination Act", requires unannounced rounds. This auditor was provided documentation of these rounds and interviews with supervisory staff confirmed that they occur. Observed staffing during the on-site audit demonstrated compliance with the staffing plan during program hours. Over-night staffing in compliance with the staffing plan was documented on staffing schedules, housing unit logs as well as interviews with staff. There were no instances of deviations from the staffing plan due to training, vacations, Family Medical Leave and other types of leave. Overtime is paid to maintain minimum staffing.

Additionally, Pennsylvania Code, chapter 95 for the operation of county correctional institutions requires compliance with this standard. Based upon the above this standard was deemed to be in full compliance.

Montgomery County Correctional Facility Policy and Procedure, "Prison Rape Elimination Act", "Response to Sexual Abuse", and the Memorandum of Understanding with Victim Services of Montgomery County, Inc. were reviewed by this auditor. The policies address all aspects of this standard. There was one allegation of sexual abuse or assault during this audit period that necessitated a forensic exam. The victims received forensic

examinations from a SANE medical professional. Forensic examinations are not conducted by facility staff. All staff are trained to preserve incident scenes and measures to prevent evidence from being destroyed. Physical evidence collection of criminal acts may be collected by staff in a manner consistent with municipal law enforcements practices. This was confirmed via interviews with staff. Criminal investigations are conducted by detectives from the Montgomery County District Attorney's Office. Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor’s analysis and reasoning, and the auditor’s conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

Montgomery County Correctional Facility Policy and Procedure, “Prison Rape Elimination Act”, pages 18 - 20 were reviewed by this auditor. This section of the policy meets all the requirements of this standard. It requires that all allegations of sexual harassment and sexual abuse be investigated. It requires that allegations that may be criminal in nature be referred to law enforcement and provides clear guidance for when Montgomery County Correctional Facility may conduct an administrative investigation once a referral to law enforcement has been made. All Montgomery County Correctional Facility staff are mandated reporters of sexual abuse and/or harassment and all staff interviewed were aware of their obligations to report sexual abuse and/or harassment under agency policy. The facility reported 48 allegations of sexual harassment, sexual abuse or sexual assault during this audit period. Only 24 of these allegations were actually PREA related, yet all 48 were investigated in a timely manner. There were four allegations referred to the law enforcement for investigation. Of the four allegations referred for criminal investigation, three were accepted by law enforcement as possible criminal. All investigations were completed in a timely manner. Montgomery County Correctional Facility policy requires reporting of sexual harassment allegations that do not rise to the level of sexual harassment as defined by the PREA standards (the standards specifically state “repeated” as a condition of the definition). Montgomery County Correctional Facility is intentionally reporting and investigating single occurrences of sexual harassment in order to improve the conditions of confinement at the facility as they relate to PREA compliance, and they should be applauded for their efforts. This practice clearly exceeds the requirements of this standard.

Montgomery County Correctional Facility's inmate education program is provided to inmates by a counselor from Inmate Services during the intake and classification process. Inmates receive materials about PREA and their rights to be free from abuse upon admission. There is a translation service available if the need arises. Translation services in Bengalese were used for one LEP inmate. He understood all his rights under PREA. American Sign Language translation is also available. Medical and mental health staff has received specialized training to assist inmates with disabilities in understanding their rights under PREA. All inmates interviewed were aware of their right to be free from sexual abuse and harassment, and knew multiple means of reporting allegations of abuse. All inmates acknowledged receiving the inmate education and written materials. 95 percent of all inmates interviewed acknowledged receiving education and written materials upon admission. The facility maintains documentation that all inmates received the education. PREA Posters in English and Spanish were clearly visible on all living units and throughout the facility. The telephone numbers for outside reporting and access to victim services are posted at each inmate telephone. Based upon the above this standard was deemed to be in full compliance.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

Montgomery County Correctional Facility Policy and Procedure, "Prison Rape Elimination Act", pages 13 – 15 addresses the standards related to screening inmates for risk of victimization and abusiveness. The PREA screening for risk of sexual victimization and/or propensity to victimize others is conducted by medical staff on the date of admission, and documented in the inmate management system. All inmates interviewed acknowledged being screened on the date of admission as well as being seen by medical staff on the date of admission. A complete classification assessment is completed by a classification staff within 72 hours of admission. Both the screening and classification are performed using an objective, standardized instrument. Access to screening information is limited to medical staff, mental health clinicians and a limited number of upper level administrators. The screening instrument addresses all required elements of the standard. MCCF does not house inmates detained solely for civil immigration purposes. Reassessments are conducted as required by the standard by a caseworker from inmate services. Based upon the above this standard was deemed to be in full compliance.

115.42 (c)

- When deciding whether to assign a transgender or intersex inmate to a facility for male or female inmates, does the agency consider on a case-by-case basis whether a placement would ensure the inmate's health and safety, and whether a placement would present management or security problems (NOTE: if an agency by policy or practice assigns inmates to a male or female facility on the basis of anatomy alone, that agency is not in compliance with this standard)? Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

Montgomery County Correctional Facility Policy and Procedure, "Prison Rape Elimination Act", page 15 addresses how the information obtained during screening is utilized to inform programming and housing decisions. Special Housing Unit assignment (as isolation is referred to at the facility), as it relates to this standard, was not used

during this audit period. A review of documentation of classification decisions and housing assignments clearly showed that the decisions are case-by-case, and that there is no designated unit for transgender or intersex inmates. Interviews with all staff and inmates confirmed compliance with this standard. Montgomery County Correctional Facility Policy and Procedure, "Prison Rape Elimination Act", page 15 requires that housing assignment decisions for transgender and intersex inmates be done on a case by case basis based on the health and safety needs of the inmate and the facility. The facility reports that there were no transgender or intersex inmates admitted to MCCF during this audit period and therefore no documentation of practice to review for compliance. Based upon the above this standard was deemed to be in full compliance.

 Yes No
- Does such an assignment not ordinarily exceed a period of 30 days? Yes No

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

Montgomery County Correctional Facility Policy and Procedure, "Prison Rape Elimination Act", page 15 addresses the use of protective custody. The provisions of the policy comply with this standard. A review of documentation of classification decisions and housing assignments clearly showed that the decisions are case-by-case, and involuntary protective custody is used only as last resort. Interviews with all inmates confirmed compliance with this standard. Documentation (inmate's signed request) on all inmates in protective custody at Montgomery County Correctional Facility showed they are there at their own request (see inmate handbook). The facility reports that involuntary protective custody was not used during this audit period. Based upon the above this standard was deemed in full compliance.

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

Montgomery County Correctional Facility Policy and Procedure, "Prison Rape Elimination Act", pages 10 - 13, appropriately address this standard. The facility does not house inmates detained solely for civil immigration purposes. All inmates interviewed knew at least two means to report sexual abuse or harassment (report to staff and Hotline via inmate telephone system were the most common responses). All knew where to find the Hotline number to report abuse outside the agency. Only one of the inmates interviewed had ever reported sexual abuse while in the Montgomery County Correctional Facility. This inmate was highly satisfied with how his report was responded to. Inmates receive a handout at admission regarding how to report abuse and there are posters throughout the facility and on all housing units with the information. All staff are mandated reporters of abuse per Montgomery County Correctional Facility Policy and Procedure "Prison Rape Elimination Act", page 10, and the laws of the Commonwealth of Pennsylvania. All staff interviewed were aware of their obligations as mandated reporters. Documentation of 42 staff reports of allegations was provided to this auditor. Based upon the above this standard was deemed to be in full compliance.

Standard 115.52: Exhaustion of administrative remedies

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.52 (a)

- Is the agency exempt from this standard? NOTE: The agency is exempt ONLY if it does not have administrative procedures to address inmate grievances regarding sexual abuse. This does not mean the agency is exempt simply because an inmate does not have to or is not ordinarily expected to submit a grievance to report sexual abuse. This means that as a matter of explicit policy, the agency does not have an administrative remedies process to address sexual abuse. Yes No NA

115.52 (b)

- Does the agency permit inmates to submit a grievance regarding an allegation of sexual abuse without any type of time limits? (The agency may apply otherwise-applicable time limits to any portion of a grievance that does not allege an incident of sexual abuse.) (N/A if agency is exempt from this standard.) Yes No NA

- Does the agency always refrain from requiring an inmate to use any informal grievance process, or to otherwise attempt to resolve with staff, an alleged incident of sexual abuse? (N/A if agency is exempt from this standard.) Yes No NA

115.52 (c)

- Does the agency ensure that: Such grievance is not referred to a staff member who is the subject of the complaint? (N/A if agency is exempt from this standard.) Yes No NA

115.52 (d)

- Does the agency issue a final agency decision on the merits of any portion of a grievance alleging sexual abuse within 90 days of the initial filing of the grievance? (Computation of the 90-day time period does not include time consumed by inmates in preparing any administrative appeal.) (N/A if agency is exempt from this standard.) Yes No NA
- If the agency claims the maximum allowable extension of time to respond of up to 70 days per 115.52(d)(3) when the normal time period for response is insufficient to make an appropriate decision, does the agency notify the inmate in writing of any such extension and provide a date by which a decision will be made? (N/A if agency is exempt from this standard.)
 Yes No NA
- At any level of the administrative process, including the final level, if the inmate does not receive a response within the time allotted for reply, including any properly noticed extension, may an inmate consider the absence of a response to be a denial at that level? (N/A if agency is exempt from this standard.) Yes No NA

115.52 (e)

- Are third parties, including fellow inmates, staff members, family members, attorneys, and outside advocates, permitted to assist inmates in filing requests for administrative remedies relating to allegations of sexual abuse? (N/A if agency is exempt from this standard.)
 Yes No NA
- Are those third parties also permitted to file such requests on behalf of inmates? (If a third-party files such a request on behalf of an inmate, the facility may require as a condition of processing the request that the alleged victim agree to have the request filed on his or her behalf, and may also require the alleged victim to personally pursue any subsequent steps in the administrative remedy process.) (N/A if agency is exempt from this standard.) Yes No NA
- If the inmate declines to have the request processed on his or her behalf, does the agency document the inmate's decision? (N/A if agency is exempt from this standard.)

(N/A if agency is exempt from this standard.) Yes No NA
- After receiving an emergency grievance described above, does the agency provide an initial response within 48 hours? (N/A if agency is exempt from this standard.) Yes No NA
- After receiving an emergency grievance described above, does the agency issue a final agency decision within 5 calendar days? (N/A if agency is exempt from this standard.) Yes No NA
- Does the initial response and final agency decision document the agency's determination whether the inmate is in substantial risk of imminent sexual abuse? (N/A if agency is exempt from this standard.) Yes No NA
- Does the initial response document the agency's action(s) taken in response to the emergency grievance? (N/A if agency is exempt from this standard.) Yes No NA
- Does the agency's final decision document the agency's action(s) taken in response to the emergency grievance? (N/A if agency is exempt from this standard.) Yes No NA

115.52 (g)

- If the agency disciplines an inmate for filing a grievance related to alleged sexual abuse, does it do so ONLY where the agency demonstrates that the inmate filed the grievance in bad faith? (N/A if agency is exempt from this standard.) Yes No NA

Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does

not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

The Montgomery County Correctional Facility inmate grievance process fully complies with all aspects of this standard. The inmate grievance process is not the intended means to report allegations of sexual abuse, assault or harassment. While the PREA handout that inmates receive upon admission to the facility lists a grievance as one means of reporting sexual abuse or harassment, the grievance would automatically trigger the facility's PREA incident response plan. It would not be processed as a grievance; it would be treated as a written report of sexual abuse or sexual harassment. The facility reports that it received no grievances alleging sexual abuse or harassment during the audit period. Based upon the above this standard was deemed to be in full compliance.

Yes No
- Does the facility provide persons detained solely for civil immigration purposes mailing addresses and telephone numbers, including toll-free hotline numbers where available of local, State, or national immigrant services agencies? Yes No
- Does the facility enable reasonable communication between inmates and these organizations and agencies, in as confidential a manner as possible? Yes No

115.53 (b)

- Does the agency maintain copies of agreements or documentation showing attempts to enter into such agreements? Yes No

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

A Memorandum of Understanding with Victim Services of Montgomery County, Inc. exists for the provision of these services. Montgomery County Correctional Facility Policy and Procedure, "Prison Rape Elimination Act", and "Response to Sexual Abuse", address access to these services. The facility does not house inmates detained solely for civil immigration purposes. - Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)

Does Not Meet Standard (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

Montgomery County Correctional Facility Policy and Procedure, "Prison Rape Elimination Act", pages 15 - 18 addresses the requirements of this standard. Inmates admitted to Montgomery County Correctional Facility are seen by medical staff on the date of admission. Medical staff performing the inmate's intake utilize a standardized screening tool to determine if an inmate has any immediate and/or emergency medical or mental health needs. This information is recorded in the inmate management system and automatically generates electronic notification to the appropriate parties for follow up. This instrument includes asking the inmate about prior sexual abuse. All inmates interviewed confirmed that they were seen by medical staff shortly after arrival at the facility and that they were asked about prior sexual abuse. Interview with medical staff confirmed that screening includes history of sexual abuse. Interview with mental health staff confirm they receive electronic notifications regarding prior sexual abuse or abusiveness and follow-up within the time frame required by the standards. Per medical staff interviewed, inmates have access to all the same medical services available in the community. When a disclosure of prior abuse occurs, and services are offered by Medical and Mental Health staff, this is documented in the inmate's medical record. Based upon all of the above this standard was deemed to be in full compliance.

- Does Not Meet Standard** (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

Montgomery County Correctional Facility's coordinated response plan addresses the requirements of this standard. The MOU with Victim Services of Montgomery County Inc. and Montgomery County Correctional Facility Policy and Procedure, "Prison Rape Elimination Act", clearly states that services will be provided to the inmate free of charge. Attempts to contact Victim Services were unsuccessful. Documentation of one alleged victim being transported to the hospital for a forensic exam was provided to this auditor. Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)

- Does Not Meet Standard** (Requires Corrective Action)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

The MOU with Victim Services of Montgomery County Inc. and Montgomery County Correctional Facility Policy and Procedure, "Prison Rape Elimination Act", address the requirements of this standard. Both clearly state that services will be provided to the inmate free of charge. As previously noted disclosures at the time of admission are recorded in the inmate management system. The system automatically sends out electronic notifications to the appropriate parties for necessary follow evaluations and assessments. Interview with the Director of Mental Health confirmed this practice. All ongoing medical care beyond the scope of facility medical staff would be provided by community providers. The inmate would have the option of facility clinical staff or community providers for ongoing mental health services. Based upon the above this standard was deemed to be in full compliance.
